The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Bertsch et al. Bertsch et al. clearly show a door panel (14) having a curved arced shaped formation (42 and the outer portion 24 which extends the length of the panel as seen in Figure 2, two curved portions and an angled portion) and a seal member (40) having a complementary shaped opening to that of the formation (42, and 24), a flap portion (the portion extending from the shaped opening), and a boot portion extending therefrom (42, 50, and 52).

The applicants arguments have been considered but are not deemed persuasive. It appears that the applicants arguments are more limiting than that of the claims. The formation of Bertsch et al. disclose the formation as being elements 24, 42 and even 34 as seen in Figure 2. The formation of Bertsch et al. is clearly arched and curved as discussed in detail above and the seal has a complementary shape (46 and 50) at the same angle as that of the formation.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 3634

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
